

VOLUNTEER INFORMATION

This list provides a general guide to packing for your volunteer trip. Your equipment needs will vary depending on climate and project details so pay attention to the weather and any suggestions from your project leader. Items required for participation are indicated with an asterisk*.

GEAR

In addition to packing layers of outdoor clothing to protect you from the elements, we recommend bringing along the following items to be prepared.

- Mask*
- Sturdy boots with ankle support/protection*
- Work gloves*
- Long-sleeved shirt and pants*
- Eye protection (sun/safety glasses)*
- Sunscreen
- Water bottles
- Snacks
- Lunch
- Daypack
- Rain gear

STAYING OVERNIGHT?

If you are around for a few days and plan to camp in the Stanley Basin or join us on a backpacking trip, then consider our list of recommended overnight gear. Our volunteers are self-sufficient while camping out on work trips so please let us know if you have questions about what to pack.

- Backpack
- Lightweight tent
- Sleeping bag (appropriate for climate)
- Sleeping pad
- Personal kitchen (stove, bowl, utensil)
- Flashlight or headlamp and extra batteries
- Water filter
- Personal toiletries (hand sanitizer, toilet paper)
- Meals and snacks
- Warm jacket
